## Professional Summary

I'm a passionate Web Developer and Graphic Designer with over 5 years of experience crafting scalable web applications, responsive interfaces, and compelling brand identities for clients worldwide. I specialize in HTML5, CSS3, JavaScript, React, Angular, and WordPress, with familiarity in .NET and Azure to build robust front-end solutions. My expertise extends to UI/UX design, branding, using Figma, Photoshop, and Illustrator, ensuring visually cohesive and user-focused experiences. I thrive in collaborative environments, partnering with product managers, designers, and developers to deliver clean code and innovative solutions. With strong problem-solving skills and a knack for meeting tight deadlines, I'm dedicated to driving engagement and efficiency through technology and design.

## Professional Experience

FuturAfric — Abidjan, Côte d'Ivoire

### Web & Graphic Designer · Feb 2024 – Present

- Partner with product managers and developers to build responsive web applications, boosting user engagement by 20% through intuitive interfaces.
- Develop front-end solutions using HTML5, CSS3, JavaScript, and React, ensuring seamless integration with back-end systems.
- Design UI/UX layouts with Figma and Adobe XD, focusing on typography and visual hierarchy to enhance user experience.
- Create branding assets and marketing graphics with Photoshop and Illustrator, aligning with client brand guidelines.
- Manage remote workflows, delivering projects on time with clear communication and proactive problem-solving.

DLB Multiservices SARL — Abidjan, Côte d'Ivoire

### Creative Consultant (Web Development & Design) · Jan 2023 – Feb 2024

- Collaborated with designers and developers to redesign WordPress websites, improving user experience and increasing brand recognition by 15%.
- Built responsive layouts using HTML5, CSS3, and JavaScript, incorporating modern typography for cohesive brand identities.
- Developed UI/UX prototypes with Figma, streamlining design-to-development handoff and reducing revisions by 10%.
- Resolved integration issues through problem-solving, ensuring clean code and scalable solutions.
- Delivered social media visuals and branding assets, enhancing client visibility across digital platforms.

Strikingly — Remote (US)

## **IT Contractor (Technical Support & Web Development) · May 2022 – Nov 2023**

- Provided technical support for website development, resolving issues related to NoCode platforms, hosting, and domain management with 95% customer satisfaction.
- Guided clients through website-building processes, leveraging knowledge of HTML5, CSS3, and JavaScript to optimize their sites.
- Collaborated with engineering and product teams to escalate and resolve complex issues, ensuring seamless user experiences.
- Translated UI elements and support content from English to French, improving accessibility for bilingual audiences.
- Developed documentation and tested platform features, identifying bugs and suggesting improvements to enhance functionality.

Tata Consultancy Services Limited (TCS) — Remote

## **French Service Desk Analyst (Internship) · Jul 2022 – Oct 2022**

- Delivered IT service desk support in French, resolving technical issues for global clients with a focus on clarity and efficiency.
- Collaborated with cross-functional teams to document solutions and improve support processes.
- Gained exposure to enterprise systems, enhancing understanding of web development and technical support workflows.

Freelance Web & Graphic Designer — Global (Remote)

## **Web Developer & Designer · Jun 2020 – Present**

- Built custom WordPress websites and front-end interfaces using HTML5, CSS3, JavaScript, React, and Angular, achieving 95% client satisfaction.
- Designed branding assets, style guides, and typography systems for web and print, ensuring consistent brand identities.
- Created UI/UX wireframes and prototypes with Figma and Adobe XD, supporting product managers in refining application designs.
- Managed remote projects end-to-end, delivering scalable, user-focused solutions under tight deadlines.
- Applied problem-solving skills to troubleshoot technical and design challenges, ensuring high-quality deliverables.

ThoughtWorks — Bengaluru, India

## **Web Development Intern · Sep 2019 – Dec 2019**

- Designed UI/UX interfaces using HTML, CSS, and JavaScript, contributing to web application prototypes.
- Collaborated with developers to refine front-end designs, gaining hands-on experience with modern frameworks.
- Participated in agile workflows, providing feedback to improve user-focused design and functionality.
